

Hi Sarah,

How are you? Are you doing exams? Because i am not :). I'm sending you my favorite photo from this summer with me and my friends. We took it in August at the party. To begin i think you don't know everybody in this photo ;) so i will tell you something about them.

By the way I hope you met me :), I'm the girl with brown hair in ponytail on the right. Next to me is David. He looks very cheerful but in my opinion he is a bit afraid because we want to go on the roller coaster and he doesn't like this.

Behind David is Matej. For somebody he can look unsympathetic but he is good friend. By the way i think with his glasses he looks like a Harry Potter :). At the moment we aren't seeing Matej much because he has many test in school. These two girls in the middle are my very good friends. This girl with blonde long hair is Klaudia. In the photo she looks strict and angry but in reality she is like a sun still smile and she makes other people laugh too. In our class we like her very much. The girl with brown hair is Stelka she is like Klaudia she still looks cheerful and fantastic (by the way these two are like sisters). She helps other people whenever she can. In my opinion she is very friendly and talkative but sometimes she looks like our mother :). Anyway we all love her. These girls are friends for life <3.

Last friend is Timo. He looks sad and bored but he is quite a tired. He looks unfriendly but he is very friendly and funny guy. He and David are going to graduate so they are studying at the moment. We don't see much but that doesn't mean that we aren't friends. But next week we plan to meet with them, we want to go play table soccer, because last they lost so now they want win :).

When you send me your next e-mail, you can try to send me you and your friends too, i want to see them :) and also tell how are things :).

That's all for now,

Diana
